

The right support, at the right time

We're a leading provider of Group Protection cover in the UK with 90 years of expertise and knowledge. We looked after over 5,500 group protection policies and provided protection to almost 1.8 million employees at the end of 2021.

How our Group Income Protection helped employees return to work

Our team works hard to deliver tailored, individual care to employees from the start where appropriate, giving them the opportunity to return to work sooner. This could help reduce the impact of absence on employees' lives, and minimises the financial and operational impacts on businesses.

In 2021, our active intervention enabled:

890

Employees to return to work within the deferred period

That's

20%

Of the industry total 4,395 as reported by GRiD

302

Further employees were able to return to work, following a period of benefit and with the help of our active intervention

2,569

Psychological and physiotherapy treatments were also arranged and paid for by us

Delivering positive outcomes

Group Income Protection (GIP) claims

Mental health claims

Musculoskeletal claims

Cancer claims

● Before the end of the deferred period, the % able to return to work
● Within the first year of absence, the % able to return to work
